SMALL GRANT PROGRAM
(Due to OWEB August 30, 2011)

Team Biennial Report 2009-11

Team Name and #:_____

Directions: Answer the questions below as they relate to the 2009-2011 biennium.

1. To what extent do the Team's funded projects:

a) Demonstrate a clear watershed benefit to aquatic species, wildlife, or watershed health.

b) Meet its **high-priority** watershed concerns identified in your team bylaws for the 2009-11 biennium (identify specific projects and show award amounts for each).

Grant #	Project Name	Award Amount	Priority Watershed Concern

2. **Evaluate the effectiveness of the Team's interactions:**
   a) External interactions with landowners, applicants, grantees, project partners, and OWEB Small Grant Program staff (i.e., the challenges that faced the Team with each of these groups and whether the Team was successful in resolving them);

   b) Internal interactions with each other (i.e., the challenges that faced the Team and how or whether the Team was successful in resolving them).

3. **Program Review/Evaluation:**
   a) How does the Small Grant Program benefit your area?

   b) Are there changes that would make the program work better for your team?

4. **Publicity/Education/Outreach**
   If there have been any educational or outreach activities or awards associated with Team projects, please discuss**.**

5. **Attach:**
   - Team tracking sheets for recommended (for OWEB)and denied applications for the current biennium.
   - Any publicity received for projects including articles, newsletters, Web links, etc. .
